DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

2. Claims 11-13, 26 and 28 are rejected under 35 U.S.C. 102(a) as being anticipated by WO 03/039492. (note: a full translation of the WO document will be provided in the next Office Action).

According to Applicant's search report, the WO document teaches a non-woven comprising cotton fibers are treated with the claimed ethyl 3-(N-n-butyl-N-acetylamino)propionate.

Allowable Subject Matter

3. Claims 14-25, 27 and 29-30 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. In view of not having a complete translation of the WO document it is not shown that the limitations set forth in the above claims are disclosed. Presently, the prior art available does not teach or fairly suggest the limitations set forth in the above claims.
